PineBridge Global Emerging Markets Bond Fund

**RISK DISCLOSURE:**

- The Fund invests primarily in bond issues issued by governments, their agencies, local authorities and instrumentalities and corporate entities located in emerging markets and may be exposed to additional risks (e.g. collective investment schemes, fixed income, emerging markets, market volatility, country selection, currency, OTC counterparty, below investment grade debt securities investment, sovereign debt risks, and risk associated with instruments with loss-absorption features, etc.).
- The Fund may use financial derivative instruments ("FDI") for efficient portfolio management (including hedging) and for investment purposes but will not use FDI extensively for any purpose. The use of FDI may expose the Fund to various risks such as counterparty, liquidity, correlation, credit, volatility, valuation and settlement risks.
- Dividends, if any, may be paid out of capital of the Fund at the discretion of the Manager. This amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment and may result in an immediate decrease in the net asset value of the Fund.
- Investors may be subject to substantial losses due to investment loss risk and the leveraging effect of using FDI.
- Investors should not rely solely on this material to make investment decisions.

GLOSSARY

Beta: Reflects sensitivity of the fund's returns to that of benchmark returns. A beta of 1.05 suggests that the fund could perform 5% better than the benchmark in up market and 5% worse in down market, assuming all other factors remain constant.

Exit Fee: Fee charged to investors when they redeem unit from a fund.

Information Ratio: Measures the funds returns above the benchmark returns relative to the risk (volatility) of the excess returns. It is a measure that identifies the consistency of the manager to outperform the benchmark.

Initial Fee: Fee charged to investors when they purchase units in a fund.

Management Fee: Percentage of the fund's assets that unitholders pay annually as remuneration to the investment adviser for managing the fund.

R Squared: Reflects the proportion of fund performance explained by changes in the benchmark. A high R-squared indicates the fund's performance has been in line with the benchmark. A low R-squared indicates the fund's performance has not been in line with the benchmark.

Service Fee: Percentage of fund's assets that retail unitholders pay annually for distribution services.

Total Expense Ratio (TER): Estimated percentage (annualized) of fund assets used to pay for management fees and operating expenses, including service fees (if any) incurred by the fund. Fund expenses are reflected in the NAV. When calculating the TER, PineBridge has used the amount of expenses that it has received or estimated in its capacity as the Fund's Manager. Please note that the expense ratio includes variable expenses that are based on a number of factors including fund size, transactions, and other expenses. No assurance can be given that the TER will be realized over any future given period.

Tracking Error: Reflects the degree of variability of fund returns in relation to the benchmark. The lower the number the closer the fund's historic performance is to the benchmark.

Material change to the Sub-Fund: Before 1 January 2011, the benchmark of the Sub-Fund was the JP Morgan Emerging Markets Bond Index Plus (EMBI+) (USD) and from 1 January 2011 was changed to JP Morgan Emerging Markets Global Diversified Bond Index. The change was made to reflect changes in market conditions and to better reflect the performance of the Sub-Fund against its benchmark. From 1 January 2016, the benchmark of the Sub-Fund was changed to a blended index of 1/3 of the JP Morgan Emerging Markets Bond Index (EMBI) Global Diversified (Total Return), 1/3 of the JP Morgan Government Bond Index Emerging Markets (GBI-EM) Global Diversified (Total Return) and 1/3 of the JP Morgan Corporate Emerging Markets Bond Index (CEMBI) Broad Diversified (Total Return). Such change was made as the Investment Managers of the Sub-Fund reasonably consider that such benchmark is more reflective of the Sub-Fund's investment strategy than the previous benchmark. On 19 February 2013, PineBridge Investments LLC was appointed as co-investment manager to manage the Sub-Fund in tandem with the existing investment manager, PineBridge Investments Europe Limited.
