RISK DISCLOSURE

- The Fund invests primarily in bond issues issued by governments, their agencies, local authorities and instrumentalities and corporate entities located in emerging markets and may be exposed to additional risks (e.g. collective investment schemes, fixed income, emerging markets, market volatility, country selection, currency, OTC counterparty, below investment grade debt securities investment, sovereign debt risks, and risk associated with instruments with loss-absorption features, etc.).
- The Fund may use financial derivative instruments ("FDI") for efficient portfolio management (including hedging) and for investment purposes but will not use FDI extensively for any purpose. The use of FDI may expose the Fund to various risks such as counterparty, liquidity, correlation, credit, volatility, valuation and settlement risks.
- Dividends, if any, may be paid out of capital of the Fund at the discretion of the Manager. This amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment and may result in an immediate decrease in the net asset value of the Fund.
- Investors may be subject to substantial losses due to investment loss risk and the leveraging effect of using FDI.
- Investors should not rely solely on this material to make investment decisions.

PineBridge Global Emerging Markets Bond Fund (the "Fund") is a sub-fund of PineBridge Global Funds, an Irish domiciled UCITS umbrella fund, authorized and regulated by the Central Bank of Ireland. PineBridge Investments is a group of international companies that provide investment advice and market asset management products and services to clients around the world. PineBridge Investments is a registered trademark proprietary to PineBridge Investments IP Holding Company Limited. Material Change to the Fund: Before 1 January 2011, the benchmark of the Fund was the JP Morgan Emerging Markets Bond Index Plus (EMBI+) (USD) and from 1 January 2011 was changed to JP Morgan Emerging Markets Global Diversified Bond Index. The change was made to reflect changes in market conditions and to better reflect the performance of the Fund against its benchmark. From 1 January 2016, the benchmark of the Fund was changed to a blended index of 1/3 of the JP Morgan Emerging Markets Bond Index (EMBI) Global Diversified (Total Return), 1/3 of the JP Morgan Government Bond Index Emerging Markets (GBI-EM) Global Diversified (Total Return) and 1/3 of the JP Morgan Corporate Emerging Markets Bond Index (CEMBI) Broad Diversified (Total Return). Such change was made as the Investment Managers of the Fund reasonably consider that such benchmark is more reflective of the Fund's investment strategy than the previous benchmark. On 19 February 2013, PineBridge Investments LLC was appointed as co-investment manager to manage the Fund in tandem with the existing investment manager, PineBridge Investments Europe Limited.
